## STRONG WINDS CUT ELECTRICAL LINE; WGET OFF

The strong wind accompanying the rain during the night brought problems to some television set owners, cut off about 100 homes from electricity, put WGET off the air, tumbled a number of trees and broke off many branches.

Broken tree branches cut out power to about 100 residents north of the Weaner's Dairy along the Harrisburg Rd. during the night, Metropolitan Edison Co. reported. The break was repaired and then another tree caused another stoppage on the same line later this morning.

Water caused WGET to go off the air for about an hour. The rain, beating against a window, seeped in and caused a "short" in some of the transmitting apparatus at the master control box.

**Cable Holds Tree**  
United Telephone Co. reported the "usual number of problems caused by a rain or wind storm," but John E. Caldwell, manager, said "we have been fortunate in having very little damage. We had one unusual and fortunate occurrence. A tree blew down along the Emmittsburg Rd., but instead of the cable breaking, it held the tree until our crew arrived to cut the tree away."

At McSherrystown a large tree dropped across the highway at St. Joseph's Academy, halting traffic until it could be cut in half and pulled from the road.

The antenna of the Gettysburg Fire Company radio transmitting station bowed when a wire snapped, but firemen clambered to the roof and soon had it secure.

Numerous television antennae were turned and twisted by the wind with a few breaking off, including those of Chief of Police Jack Bartlett and Charles Cole.

Branches from trees were scattered over roads and lawns, but most were small limbs that caused little damage.

## 22 LICENSED TO WED IN FEBRUARY

Hopes in the marriage license department of the Clerk of Courts office to establish a second consecutive all-time record for the issuance of marriage licenses in 1954 received a boost following the tabulation of the February total.

Clerk Kenneth W. Johns said February was another record-breaking month with 22 applications.

The 22 applicants exceeds by two the previous all-time Adams County high of 20 set during the World War II year of 1944. It also noted a second straight month in which new records were established. The total for January, 19, was one more than in any other January.

Last year, 299 couples secured marriage licenses exceeding by five the previous high set in 1946. In February, 1952, there were 14 applications. Five years ago the February total was 12, and ten years ago the number in February was 20.

## Made Long Trek 53 Years Ago

This first day of March is an anniversary date for S. Gray Bigham, Biglerville, farmer and retired hardware merchant. It was on this day, 53 years ago, that he drove to Harrisburg and Paxtang to take over his mother's farm.

Mrs. Bigham, who resided near Greenmount, had acquired the farm and she asked her son to "run it" for her. He agreed and set out at 7 a.m. March 1, 1901, in a horse and buggy for the long trek to his new home. He was hopeful and ambitious. He was going to be married the forthcoming June 6.

Over the dirt road to Dillsburg rode Mr. Bigham. He encountered few if any travelers and shortly before the supper hour "put up" at the hotel in Dillsburg "for the night." The next morning, again at 7 o'clock, he left for Harrisburg and Paxtang, arriving at the farm, near the latter place, in time for (noon) dinner. He said the weather was "not bad, just nice for driving."

On June 6, 1901, Mr. Bigham was married.

## GETTYSBURG MAKES FRIENDS

Two Army officers, who met in Korea while the 18th Regiment was guarding and later removing Chinese prisoners of war to the supervision of the neutral nations commissions, have become fast friends through mutual association with Gettysburg.

The two former Adams County residents, Captain Stanley Stamas, regimental adjutant, and First Lieutenant Robert D. Hurley, rifle company commander, both were recently awarded Commendation Ribbons for outstanding service with the 19th Infantry Regiment.

Lieutenant Hurley, member of the Gettysburg College football team 1949-1951, received a regular army commission upon graduation as an ROTC student in 1952. His hometown is Paramus, New Jersey.

Captain Stamas, originally from Bronx, New York, married the former E. Jane Breighner, and since has adopted his wife's Gettysburg birthplace as his home. Her address was not listed.

The friendship between the two men resulted while Stamas was commander of Company B and Hurley in charge of Company A, adjacent units in strategic positions. Meeting and comparing backgrounds both discovered that their common denominator was Gettysburg.

## Can Use Fog Nozzles

Dale G. Crum and Clyde P. Orner, members of the solicitation committee, said the 750-gallon pumper has a two-stage centrifugal high pressure pump which permits the use of high pressure fog nozzles. Use of the fog nozzles is particularly valuable in house fires, they said, because it cuts down water damage while more effectively snuffing fires.

The vehicle also carries a 400 gallon supply of water in a booster tank.

## Prison Board "Controls" News

HARRISBURG (P) — The Pennsylvania Newspapers Publishers Assn. joined Williamsport newspapers today in protesting an order from the Lycoming Prison Board that all news of an "unusual nature" must be cleared with the board before being made public.

Judge Charles Scott Williams, board chairman, denied suppression of the news was involved. "The rule was aimed at giving notice to a responsible member of the board of important news from the jail before it goes to the press. There's no intention of suppressing news," he explained.

(Continued from Page 1)  
to give you the best protection possible in the past. It is our desire to continue that policy. However, in order to do that we have found it necessary to purchase a modernized pumper. This new pumper, we are sure, is adequate to cope with any disaster which might befall our community. It is our earnest hope there will not be another war; however, should there be one and our cities be bombed, this new apparatus would be invaluable to our community in saving lives as well as protecting our properties against fire.

"Our present pumper has been in service 23 years. As you know, any motorized equipment will depreciate both in value and in service. However, it is still more valuable to us than what could be realized in selling it.

"The new pumper, which will be delivered in April, will cost about \$19,000.00, but if we keep our present truck as supplementary equipment, the Government will pay \$6,200.00 on the new pumper.

"It is the desire of the company to raise \$10,000.00 from personal solicitations. Will you please help us reach our goal by making your contribution as liberal as possible? Our annual carnival will be held as usual, but in view of the drive, there will be no solicitations made at that time.

"If you are not already a member of the Bendersville Community Fire Company, we extend to you an invitation to join now. Your membership is needed keep our fire company progressive.

"We take this opportunity to thank you and to assure you that your support will be greatly appreciated."

## Many Self-employed Have Failed To File

Many self-employed persons have not yet made the required 1951 and 1952 Social Security reports, even though the time has arrived for the filing of 1953 reports with the Internal Revenue Service.

Local Internal Revenue agents said it is compulsory for self-employed persons to file a tax return, reflecting the proper income and deductible expenses if the net income from self-employment was \$400 or more, and they are in a business subject to self-employment tax. They said that personal exemptions may not be considered in determining net income subject to this self-employment tax.

Persons who had net self-employment income of at least \$400 for any year after 1950, and who have doubts as to whether they qualified under businesses subject to self-employment tax are asked to contact the local office of the Internal Revenue Service at the Court House.

## THE Camera COLUMN

By Dave Garfinkle

We've talked about the box camera and what can be done with it if you use all its potential. Today we'll go up a step on the camera ladder . . . to the folding roll film camera with an anastigmat lens. The anastigmat lens is the "open sesame" to better photography. The change-over from the simple lens on a box camera to the anastigmat found on most roll film cameras is the longest photographic step upward you'll ever make.

Any good anastigmat lens is many times sharper than the human eye. Negatives made by it can be greatly enlarged without losing crispness and detail. They're also much faster than the box camera lenses, permitting you to make hand-held snapshots in very poor light. Finally, they're "color corrected," which means simply that all colors in any scene are brought to focus in the same camera film plane. With an anastigmat lens, a new world of color photography is opened up.

A folding roll film camera with a multi-speed shutter and an anastigmat lens in most instances can compete successfully with professional cameras costing hundreds of dollars. And it has one big advantage: you can slip it into your pocket or your handbag and have it with you all the time, instantly ready for that "once in a lifetime" shot.

**THE Camera COLUMN**

By Dave Garfinkle

We've talked about the box camera and what can be done with it if you use all its potential. Today we'll go up a step on the camera ladder . . . to the folding roll film camera with an anastigmat lens. The anastigmat lens is the "open sesame" to better photography. The change-over from the simple lens on a box camera to the anastigmat found on most roll film cameras is the longest photographic step upward you'll ever make.

Any good anastigmat lens is many times sharper than the human eye. Negatives made by it can be greatly enlarged without losing crispness and detail. They're also much faster than the box camera lenses, permitting you to make hand-held snapshots in very poor light. Finally, they're "color corrected," which means simply that all colors in any scene are brought to focus in the same camera film plane. With an anastigmat lens, a new world of color photography is opened up.

A folding roll film camera with a multi-speed shutter and an anastigmat lens in most instances can compete successfully with professional cameras costing hundreds of dollars. And it has one big advantage: you can slip it into your pocket or your handbag and have it with you all the time, instantly ready for that "once in a lifetime" shot.

Stop in and see our roll film folding cameras with color corrected lenses, at your complete photographic center, DAVE'S PHOTO SUPPLY, 52 Chambersburg St., Gettysburg. Phone 83-W.

### Idols

I wish people didn't change their idols so often. I don't mean the dumb, material idols, but the flesh and blood, living idols. We owe more to them than we can ever repay. Thomas Carlyle in his inspiring book, "Heroes and Hero Worship," demonstrated the idea.

In my lifetime I have had many an idol in public life and among writers and artists, as well as among my everyday friends.

One of my outstanding literary idols has been Christopher Morley, book lover, able poet, novelist and superb essayist. Many is the writer that Morley has pointed out to me as well worth my love and attention. All Morley's writings comprise a most wonderful library of inspiring literature. Like the late Don Marquis he has never received the acclaim he has so well deserved, but his place in American literature is safe, and readers will return to him in love and admiration long after popular writers have faded from memory.

How can we ever forget his "Parnassus on Wheels," "Where the Blue Begins," "John Mistletoe," "Thunder on the Left," "Ex Libris Carissimis," and scores of others? In 1949 was published a volume of his essays under the title of "The Ironing Board," that contains many of his finest essays. There is a spiritual tone to much of Morley's writings that has escaped the eye of the critics. Out of all classification is his most recent novel "The Man Who Made Friends With Himself," which received all too little notice, yet it remains a major effort that many will yet read, and it will make them silently think.

In an intimate letter to me Morley once said: "I don't think I can really assume any credit for anything except when I have the good luck of the perfect word. It's really easier to be crucified than to argue about it." But he was a little discouraged when he wrote that I am sure. His writings are filled with many a "perfect word," and inspiring ones at that. Yes, Christopher Morley has been an idol and a friend of mine for, lo, these thirty years! It's too bad that there is but one of him!

Tomorrow: Mr. Adams will talk on the subject: "On Forgiving And Forgiving."

## Just Folks

**BELIEVE IN YOURSELF**

Believe in yourself! Believe you were made

To do any task without calling for aid.

Believe, without growing too scornfully proud,

That you, as the greatest and least, are endowed,

A mind to do thinking, two hands and two eyes

Are all the equipment God gives to the wise.

Believe in yourself! You're divinely designed

And perfectly made for the work of mankind

This truth you must cling to through danger and pain:

The heights man has reached you can also attain.

Believe to the very last hour, for it's true,

That whatever you will you've been gifted to do.

Believe in yourself and step out unafraid.

By misgivings and doubt be not easily swayed.

You've the right to succeed. The precision of skill

Which betokens the great, you can earn if you will.

The wisdom of ages is yours if you'll read,

But you've got to believe in yourself to succeed.

## Five Killed In Violent Blast Sunday In South Philadelphia

PHILADELPHIA (AP)—Five persons, including three children in a neighborhood luncheonette, were killed last night when a violent explosion destroyed two buildings in a crowded section of South Philadelphia.

A 17-year-old girl, Ruby Mosley, trapped for six hours in a public telephone booth under the mountain of rubble, escaped unharmed. Twenty others, including four firemen, were injured.

The blast, of undetermined origin, occurred on a quiet Sunday night in one of the most densely populated areas of the city. Deputy Fire Chief George E. Hink said it was "amazing" that the death toll was not higher.

The roofs of two adjoining three-story brick buildings were lifted into the air, turned halfway around and dropped on the rear of the structures. Not a wall was standing when firemen arrived and flames licked at the pile of debris. Some 500 persons were routed from their homes and Red Cross authorities estimated 50 families were sheltered for the night.

The buildings housed the luncheonette and an adjoining jewelry store. The upper stories contained apartments.

The victims included the proprietor of the luncheonette, Isadore Pearlman, 50, and three young customers. The bodies of Bruce Schwartz, 9, and Salvatore Baladino, 6, were found under the soda fountain. The body of 15-year-old Marie Marone was uncovered nearby.

The fifth victim was Mrs. Fanny Rudolph, 45, who lived in an apartment above the jewelry store. Her husband Samuel, 45, suffered cuts and bruises.

The impact of the explosion bent an electric sign across the street into a U-shape. Windows for blocks were shattered. Several neighbors told police they noticed the odor of gas before the blast.

The fire marshal's office began an investigation today.

**Horrible Nightmare**

The son of the luncheonette proprietor, 23-year-old Samuel Pearlman, a premedical student, described the experience as "a horrible nightmare." He and his 45-year-old mother fell from upper stories but were not seriously injured.

Gettysburg College's basketball fortunes bounced back after losing to Penn State 76-62 with a surprisingly easy 70-57 win over Lafayette before 1,200 in Eddie Plank gymnasium Saturday night.

Jack Keller played one of his greatest board games as he captured 17 rebounds and scored 16 points to boot. Had Jack been landing his lay-ups as well as he rebounded, he would have probably scored in the high 20's, for he missed five seemingly easy shots after breaking through Lafayette's defenses.

Coach Bill von Bredakoff of the visitors started his second team composed of all sophomores, and Gettysburg ran up nine straight points before Lafayette scored. The quarter ended shortly after Joe Lang sank a set shot to give the Bullets a 22-13 lead.

The Lafayette seniors made their appearance in the second quarter but Coach "Hen" Bream's battlers were ready for them and ran the count to 37-20 as Keller sank a shot at the halftime whistle. The closest the Leopards could get in that period was 26-18 after 5:30.

With Todd Walker pacing the Lafayette attack, the visitors narrowed the score to 42-31 after 4:25 of the third quarter, but Gettysburg rallied to run it up to 52-32 in 6:10. The quarter ended 55-33 with Gettysburg adding to its lead.

**Possession Ball**  
Gettysburg started playing possession basketball and Lafayette began an all-court press in the final period. After 3:15 the Leopards had narrowed the gap to 56-40. Although the visitors reduced the margin to nine points, 63-54, with 2:10 remaining, it was as close as they could get. In the final period Gettysburg repeatedly refused to take easy shots, content to try to hold the ball.

**Fresh Win Thriller**  
The college frosh team rallied in the final quarter to defeat York Junior College, 62-60, in as thrilling a game as has been played on Eddie Plank boards this year. It was only the second defeat in the last 17 games for the York team. Koppelman's 19 points were high for Gettysburg while Trimmer notched 16 for York.

Coach Bream's cagers will attempt to gain revenge from Muhlenberg here Tuesday night for the defeat inflicted on the Bullets when they helped their brother Lutheran college dedicate its new field house. There will be preliminary game between the freshmen and Stevens Trade.

## LOCK HAVEN IS UNDEFEATED IN 18 CAGE GAMES

By DICK HOENIG

HARRISBURG (AP)—By the margin of a single point the Lock Haven basketball team was able to complete a record schoolboy competition likely to be shooting at for years to come.

A 69-67 squeaker over Burnham Derry Friday gave the 1953-54 Bobcats their first regular season undefeated log in more than 40 years of organized cage play — on top of the school's first unbeaten football campaign.

The Lock Haven eleven swept past 10 consecutive foes last fall and now the basketball club has duplicated that feat with 18 straight triumphs and altogether 26 in a row in league competition.

The close call win gave Lock Haven its third consecutive central state basketball title — something never before accomplished by any team in the league's 22-year history — and a position in the District 6 PIAA playoffs.

### Joins Select List

Lock Haven thus joins Rankin (21-0) and Lansford (19-0) on the select list of major schools to complete the regular season without a setback. Only Johnstown (23-0), defending District 6 kingpin, has a chance to make the list. The Trojans ended their regular season Wednesday against Johnstown Catholic, a team they've already beaten once.

Last year only Hollidaysburg was able to make it to the playoffs with an all-victorious record.

Meanwhile a 15-game winning streak owned by Chester, one of the east's top challengers for Yeaton's state crown, was shattered when Upper Darby edged the Clippers, 53-50. Chester had lost only once before (to Johnstown by 2 points) in 21 games while Upper Darby, a Suburban Philadelphia 1 foe, has won 14 of 16. One loss was to Chester by an 80-60 count.

**Chester Ties Circuit**  
Chester already had tied up the circuit title and qualified for a District 1 playoff berth. Yeaton closed out highly successful season by dropping Radnor, 63-53, against the same club that holds the only decision of the year over the champion eagles. In their first meeting Radnor won by a single point. Yeaton also has taken second honors and a playoff post.

The weekend saw a sixth defending district Class A champion qualify to defend its title and a second eliminated. Allentown won its second straight East Penn championship, this year without a playoff, to enter the District 6 eliminations.

Harrisburg John Harris of District 3 dropped from all contention in the second half Central Penn race when beaten by Lancaster. Sharon of District 7, runnerup to Yeaton, had previously been counted out.

Slaton of the Lehigh Valley also wrapped up league honors for the year by whipping Palmerton in a playoff.

St. Clair, North Schuylkill; Hershey; South Penn; and Plymouth, Wyoming Valley, all clinched second round titles and must face first half victors.

Tomorrow West Chester, first half winner, plays Pottstown, second half victor, at Philadelphia for the Ches-Mont season flag. Tuesday Mahanoy Twp. (1) and St. Clair (2) meet at Ashland for the North Schuylkill flag. Kane and Bradford also meet Tuesday in the rubber game of their series for the right to represent the north tier of District 9 in the playoffs.

Several players just got in under the March 1 signing deadline, including Second baseman Billy Martin and outfielder Gene Woodling of the Yankees. First baseman Whitey Lockman of the Giants and outfielder Johnny Wyrostek of the Phillies.

## Hurricane Jackson Gets Test Tonight

NEW YORK (AP)—Tommy (Hurricane) Jackson, the tireless, 22-year-old New York Negro heavyweight, gets the stiffest test of his young career tonight when he faces Clarence Henry, eighth-ranked heavyweight from Los Angeles at Brooklyn's Eastern Parkway arena.

Jackson stopped Rex Layne in six rounds on Jan. 25. Henry was upset by light heavyweight contender Jimmy DuMont in his last start, Feb. 17. DuMont will telecast the 10 p.m., ten rounder to some parts of the country.

WEST PALM BEACH, Fla. (AP)—Dick Rozek, Philadelphia Athletics southpaw, thinks he has found the formula to curb his wildness.

Dick says he discovered last season at Ottawa that he has better control when he is relaxed. "I keep looser" was the way he put it, adding that while it's not new, it's not always easy either.

Eight midget wrestlers from Gettysburg exchanged holds Friday night in the wrestling room of the Eddie Plank Gymnasium before approximately 25 spectators.

The contest, for boys ten years of age, was arranged by Jack Shallice, Gettysburg College wrestling coach, who also refereed the four bouts.

In the opening match Edgar K. Markley, E. Broadway, defeated Harold Dunkleberger, Carlisle St. Ext. David Johnson, N. Stratton St., then edged "Chuck" Korte, college campus; Gregory Maitland, R. 3, outlasted Jacob Heikinen, Springs Ave., and Carl Johnson, E. Broadway, defeated Dennis Swope, E. Middle St.

Ronnie Miller and Bill Sells, members of the College wrestling team, coached the two squads. "Bud" Snyder, wrestling manager, was the timekeeper.

## L-TOWN CAGERS LOSE PLAYOFF TO SCOTLAND 5

Littlestown High School was eliminated in the Class C District 3 PIAA basketball playoffs Saturday evening when Scotland drubbed the Thunderbolts 60-50 on the Gettysburg High School floor.

The Cadets took a 13-9 lead in the first period and led by a comfortable margin the remainder of the way. Going into the final frame Scotland led 48-31. Coach Maurice Bream's outfit outscored their opponents 19-12 in the last quarter.

A trio of lads from each team broke into, double, figures in the scoring. Dean Yealy and Jay Shovaker each bagged 14 for Littlestown while Stan Mummet hit for 10. For Scotland the top pointmen were Don Trexler, 20, Horace Rooney, 14, and Frank Green, 10.

By virtue of its victory Scotland next meets Mt. Joy Tuesday evening on the Steelton High School floor.

Results of other Class C games Saturday evening were as follows: Mt. Joy 78, Greenwood 48; Robeson 57, South Lebanon 56, and Tower City 76, Birdsboro 65.

Littlestown concluded its season with the setback for a 10-12 season. The Bolts finished third in the County League to earn the right to enter the Class C playoffs.

## COLT PROSPECT GOES TO CANADA

BALTIMORE (AP)—Canada scored another round yesterday in its war with the National Football League over U.S. college stars — making off this time with another top draft choice of the Baltimore Colts.

The prize was Larry Grigg, fleet Oklahoma halfback who was the No. 2 choice of the Colts at the January National Football League drafts in Philadelphia.

He announced at Norman, Okla., that he had signed a one-year contract with Montreal of the Canadian Big Four League.

And the Colts, who have lost three top choices to the Canadians in the two years they've been back in the NFL, admitted it hurt.

"I'm disappointed in the boy," said head coach Wilbur (Weeb) Ewbank. "When I visited him several weeks ago at Norman, Grigg gave me assurance he was going to sign with the Colts."

Last year, Oklahoma halfback Billy Vessels, their No. 1 choice, and Purdue end Bernie Flowers, No. 2 choice, both went north of the border before the Colts could get them under contract. Flowers returned to Baltimore this year, however.

## ONLY ONE SPOT YET UNFILLED FOR NIT PLAY

By ED CORRIGAN

NEW YORK (AP)—Only one spot remained to be filled in the National Invitation Tournament today and it is an open secret that the second-place team in the Southwest Conference will get the bid.

The league race is scheduled to end tomorrow night when Rice and Texas, which are tied for first place each with 8-3 records, play Southern Methodist and Texas Christian, respectively.

The conference winner, of course, will go the NCAA Tournament, which still is far from settled. The NIT will be satisfied with the runner-up.

### 11 Teams In Now

So the 11 teams in the NIT now are Duquesne, Niagara, Dayton, Louisville, Western Kentucky, St. Francis of Brooklyn, St. Francis of Loretto, Pa., Manhattan, Holy Cross, Bowling Green and Wichita. If it wins the Missouri Valley title, however, Wichita will pull out. The club has finished its league season with an 8-2 mark. Oklahoma A&M the leader with 7-1, still must meet Tulsa and St. Louis.

Holy Cross and Bowling Green were named to the NIT yesterday after Connecticut was named to represent New England in the NCAA. Connecticut defeated Holy Cross 78-77 Saturday night.

For Bowling Green, which finished second to Toledo in the Mid-America Conference, the NIT appearance will be its sixth. It reached the final once and this year shows a 15-6 record.

**3 Ivy Contenders**  
The NCAA gets under way next week and although all the brackets aren't filled, here is how the teams line up at the moment:

At Fort Wayne Toledo will play either Notre Dame, Loyola or Penn State, all at-large teams. Toledo's opponent will leave the other two to play.

At Buffalo the same night, Fordham will play La Salle and Connecticut will go against Navy.

**How NCAA Stacks Up**  
The rest of the Eastern field still is undecided. Duke is champion of the Atlantic Coast Conference, but the NCAA bid goes to the team that wins the league's postseason tourney. Ditto with the Southern Conference, where George Washington came out on top.

The Ivy League still has three contenders—Cornell, Princeton and Penn. The Big Ten will send either Indiana, Iowa or Illinois. The Hoosiers already have clinched a tie, and if they defeat Illinois Saturday, they're in. Illinois also plays Northwestern while Iowa tangles with Ohio State tonight. It could wind up in the three-way tie.

**ROOKIE IS INJURED**  
CLEARWATER, Fla. (AP)—An intra-squad contest at the Philadelphia Phillies spring training camp was marred yesterday by a slight injury to rookie catcher Joe Lonetti.

A foul tip off the bat of Tom

Palmer finished with a two-underr-par 286 yesterday and for his efforts he earned \$2,910 top money. But it took a dramatic putt on the last hole to salvage the match from the fast-closing Roberto De Vicenzo of Argentina.

Again Palmer held a 4-stroke lead going into the last day. De Vicenzo was three strokes better than him on the final round, but he fell just short of overtaking Palmer. De Vicenzo posted a final-round 74 for a total of 287.

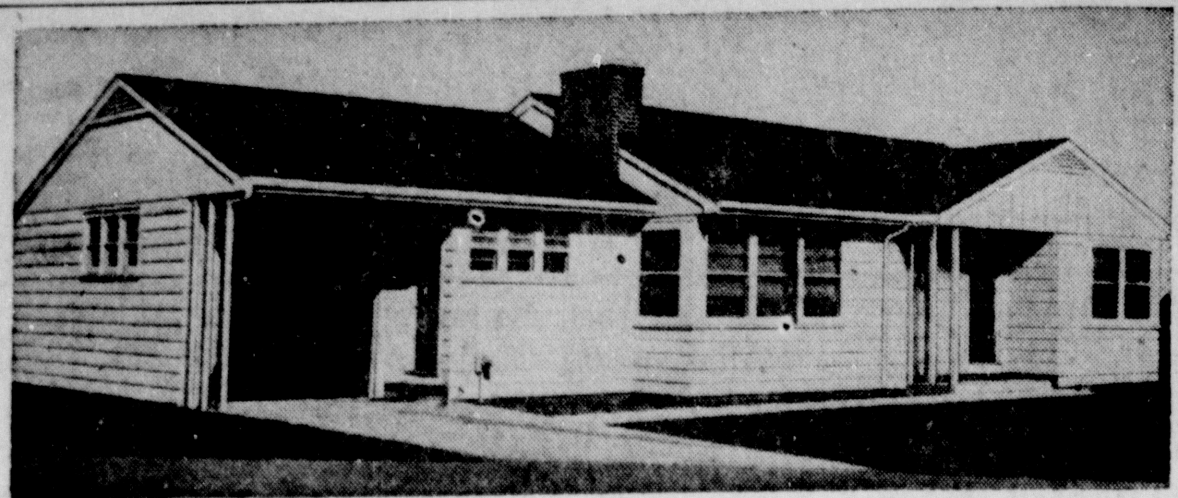

Only three players broke or tied par on the tough 6,679-yard, par 72 club Mexico course. Besides Palmer and De Vicenzo, the defending champion, Johnny Weitzel of Hershey, Pa., who finished third, has a 288, exactly par.

## Window Boxes In Fashion To Beautify New Homes

The abundance of windows and the breaks in the roof line add to the exterior appeal of "The Baldwinville." Another distinctive decorative feature of this modern home is the small front porchway which protects the front doorway.

Including the attached garage "The Baldwinville" has overall measurements of 61'x33'. At least an 80-foot lot would be required. Cubage of the house is 29,800 feet.

Certain to appeal to the home-maker is the large amount of centrally located storage space in this comfortable ranch house. In addition to good sized closets in each bedroom there is a spacious coat closet in the entry hall; a handy broom closet in the kitchen; large linen closet, opening on the central hallway near the bedrooms and the bath and a good sized general purpose closet, also opening on the central hallway.

All three bedrooms enjoy the benefits of good lighting and ventilation. As a matter of fact, this home's many windows make it unusually bright and cheerful throughout.

Although there is no dining room proper, the pleasant breakfast room can easily be used for all family meals. The living room is large enough to double as a dining room for more formal occasions and, since it is located so near to the all modern kitchen, serving meals in this dual purpose room presents no problem to the housewife.

Measuring 13'x10', the kitchen is larger than in many new homes. Hence, your home laundry equipment can easily be installed in this room along with all the conventional pieces of modern kitchen equipment. The back door provides easy access to the back porch and yard.

Only the heating plant need be installed in the full cement basement; this should be placed under the living room.

## DULLES OPENS CONFERENCE AT CARACAS TODAY

By BEN F. MEYER  
CARACAS, Venezuela (AP)—Latin Americans here for the opening of the 10th Inter-American Conference today got word from Secretary of State John Foster Dulles that the United States' program of friendship with them has been the big northern neighbor's "most solid and dependable policy."

"The friendly association of American states is the oldest foreign policy of the United States and it is still our most solid and dependable policy," he said in a brief airport statement on his arrival for the 20-nation conference.

The first day's program of the meeting was confined to formalities—a preliminary organization session in the morning and an afternoon plenary session with Venezuelan President Marcos Perez Jimenez extending the welcome.

To Last 3 Weeks  
The conference is expected to last three to five weeks. Venezuela took extraordinary security measures to prevent a recurrence of the rioting in which some 1,500 persons were killed during the last Inter-American Conference, in Bogota, Colombia, in April 1948. Communists were blamed for that outbreak.

High, well-guarded barbed wire fences surrounded nearby University City, where the conference activities center. Guards patrolled the airport at Dulles' arrival with his party of 15 experts on Latin America. Perez Jimenez sent his own automobile, which has bullet-resistant windows, for Dulles, but U. S. Ambassador Fletcher Warren said the special protection had not been requested.

## Cog Train Jumps Tracks; 9 Killed

TOULOUSE, France (AP)—A cog railway train streaking down a mountain in the French Pyrenees with holiday skiers jumped the tracks and plunged into a 1,500-foot ravine yesterday. Nine persons were killed and 14 injured.

The train was 3,700 feet up the mountain on its way from a ski run to Luchon when it derailed. It was believed the brakes failed. As the train shot off the track and skidded over rocks to the ravine's brink, some passengers were flung under the wheels and crushed between the rocks and the sides of the train.

The train was the three-rail type for steep grades. The rail's center track is notched to mesh with a cog wheel on the engine.

Washington's friendship with the southern neighbors came at a time when many Latin Americans were wondering out loud what policy President Eisenhower's administration would follow in this hemisphere.

Communist infiltration in the Americas is one of the major topics for the conference, but Latin Americans consider economic matters the chief item.

Dulles' brief statement made no mention of U. S. economic plans for Latin America. And he emphasized that U. S. friendship for Latin America is "based upon reciprocity and mutuality."

The decorative touch given by porch and window boxes filled with flowers is especially suited to small modern homes. These are usually lacking in architectural ornamentation. In many cases planting boxes are provided by the builder so that flowers may supply a welcome touch of color to break the severity of the functional design.

An amateur who has some skill with woodworking tools can easily make these boxes. They are small enough to handle in limited room. The box should be simply designed, but made to fit in its location and large enough to hold adequate soil for the plants.

Since it is required to hold damp soil all summer, year after year, wood should be chosen which resists dampness. Cypress, white pine and red wood are satisfactory. Boards not less than an inch thick should be used. A good standard width for the box is 10 inches, with an 8 inch depth. Length should fit the space available.

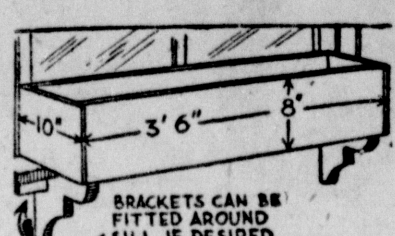

Quick drainage is vital for outdoor plants, since the box must be watered almost daily because of the small amount of soil it holds. By sloping the bottom of the box to the front, and boring drainage holes on the low side, water draining from the box will fall to the ground without staining the wall.

The working drawing shows how to support the box when used in front of a window. Porch boxes may present other problems, depending upon their location, whether on a railing or on the floor. Avoid placing a box where it will receive dripping rain from the roof.

Porch boxes are usually somewhat shaded and make excellent containers for plants that dislike direct sunshine. Tuberous rooted begonias and gloxinias are among these.

Boxes should be painted the same color as house, or the color of its trim. Flowers should be chosen whose color will harmonize with that of the house. Harmony by contrast, using flowers of a complementary color against the house, is especially attractive.

Flowering annuals can be grown on the south side of the house, and also on the east and west sides

Working drawing of window box for single window.

where no shade is cast upon them by trees. On the north side it may be necessary to use foliage plants, or the few flowers which prefer shade. Fancy leaved caladiums and coleus are popular foliage plants; their leaves are attractively colored and they thrive in shade. Shade tolerant annuals include pansies and violas, impatiens, forget-me-not, and dwarf petunias.

## Storekeeper Gets Laugh And 48 Cents

PITTSBURGH (AP)—Frank Hasper, a grocery store owner, had the last laugh on three bandits.

One of the men bought some lunch meat and cookies, put them in his pocket and laid a dollar bill on the counter. At the same time, another of the bandit trio said: "This is a stickup."

Hasper shouted to a relative in a nearby room to call police. The men fled, leaving the dollar bill. All of which meant that Hasper made 48 cents on the deal.

Here's a delicious salad to serve with baked ham. Dice celery and add to diced canned pineapple; moisten with mayonnaise, spoon into lettuce cups and sprinkle with minced parsley. Or instead of the parsley garnish, sprinkle with chopped pecan nutmeats.

## Girl Killed While Examining Pistol

HAGERSTOWN, Md. (AP)—State police reported a 16-year-old girl was fatally wounded last night while she and her boy friend were examining a .22-caliber pistol similar to one they had just seen on a television mystery.

Trooper Clyde Tucker said after a preliminary investigation the shooting apparently was accidental.

He said Linda Ann Lewis and her boy friend, William Eugene Pyle, 17, both of Hagerstown, were watching television at the home of Samuel Berger, 21, of Williamsport, with Berger and his date. Pyle remarked there was a pistol in the bedroom similar to one they had just seen.

While they were examining it, Tucker said, the pistol went off. The bullet struck Miss Lewis in the left chest.

## BADGE BREAKS GAME

FRANKLIN, Ohio (AP)—When Ralph Palmer entered a cafe near Franklin yesterday, one of the poker players said:

"Come on in, partner, you'll make a sixth."

Palmer broke up the game with the winning card—his badge as chief deputy sheriff.

## POSSUM CAUSES KNOCK

PHILADELPHIA (AP)—Robert Sachtell decided to do something about that knock in his automobile engine yesterday.

When he lifted the hood, he found there was nothing wrong with his motor except maybe it

was a little crowded for space. Nesting inside was a furry possum.

## SALES TAX WILL BE BIG ISSUE IN POLITICAL FUSS

HARRISBURG (AP)—Pennsylvania's retail sales tax became a major issue today in the 1954 political campaign as Democrats promised it would.

Sen. George M. Leader, organization backed candidate for the Democratic nomination for governor, said he thought there are more equitable levies than the Republican-imposed sales tax.

"I opposed the tax in the Legislature because it penalized the little people of the commonwealth," Leader said in a weekend interview. "I think there are far more equitable taxes than the sales tax."

Leader, 36-year-old York County poultry farmer, said that all taxes, not only the sales levy, would be issues in the campaign but he declined to be pinned down further at this time.

**Prepare Platform**  
The Democratic candidate said the party's campaign objectives would be spelled out fully in its platform and that he would make his position clear on all issues.

## Poultry Thief's Dough Is Given To Church

WARREN, Ohio (AP)—While Mrs. John Nagy worked in her yard, a stranger approached and said "I have come to pay for the chickens I stole." He handed her \$3. It seems that 18 years earlier, when the Nagys lived on a farm, a boy had taken a few chickens.

Mrs. Nagy tried to return the \$3 but the stranger refused. So she said she would "go to church and put every bit of it in the collection envelope."

when the platform is adopted.

The one per cent retail sales tax, with exemptions for food and some other necessities, was passed by the 1953 Legislature exclusively with Republican votes. The Democratic minority opposed it solidly in both House and Senate and said at the time they would take the sales tax issue into the 1954 gubernatorial campaign.

An intensive two weeks of candidate picking opened today with a prospect that both the Republican and Democratic organization-backed candidates would have independent opposition at the May 18 primary. The filing period for candidates ends on March 15.
